TRUSTEES' REPORT

The trustees present their report and accounts for the year ended 31/03/2022

The trustees intend that this Annual Report also serves as the Statutory Directors' Report. The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (issued in October 2019).

PRINCIPAL ACTIVITIES

The principal activity of the charity in the year under review was to promote education, training and knowledge through multi media .

REFERENCE AND ADMINISTRATIVE DETAILS

Reference and administrative details are provided in these accounts on page 1.

STRUCTURE GOVERNANCE AND MANAGEMENT

The Charity is constituted as a company limited by guarantee, incorporated on 20 March 1987 and registered as a charity on 13 January 1988, and is therefore governed by a memorandum and articles of association and on the winding up of the Charity each member will contribute £1.

Ariel Trust Limited has a Committee of Trustees, which normally meets every six weeks. The Board sets out and approves the policies to be adopted to achieve the Charity's objectives. In setting these policies the trustees have considered the Charity Commission's guidance on public benefit. The policies and the day to day management of the Charity are implemented by the Executive Director. The charity has a Development Plan, which it is using to focus on immediate, medium and long term aims. The work programme as detailed in the plan is developed and delivered by the executive director and the assistant director, supported by the staff team and a number of professional support workers.

Recruitment of Trustees is based upon diversity and equal opportunities. As a Board the Trustees represent the voluntary, public and private sectors. The Trustees are from wide ranging professional backgrounds including education, human resources, administration, legal and business and marketing.

Induction of new Trustees involves a detailed introductory programme where the new Trustee receives copies of Strategic and Business Planning documents, the financial statements and all other relevant policies and issues of the organisation and has time to discuss these with the Board and Executive Management. Board Away Days are normally held at least once per year when strategy is on the agenda. The Away Day is also an opportunity for training and updating Trustees on important matters. When training needs are identified an action plan is put in place and appropriate training delivered.

EQUAL OPPORTUNITIES

The company is committed to the principle of equal opportunities, and is striving to become an equal opportunities employer and service provider.

Ariel Trust Limited

FOR THE YEAR ENDED 31/03/2022

OBJECTIVES AND ACTIVITIES

FOR THE YEAR ENDED 31/03/2022

TRUSTEES' REPORT

- To promote for the benefit of the public and enable best practice and high standards in all aspects of sounds, television and multi-media production which is of cultural, artistic or educational value.

Ariel supplies up to date skills to all members of the public (with emphasis on the members of the public who are young or disadvantaged), responds to demand in the media industry, builds partnerships and helps to deliver employment and economic growth.

A review of the objects has been carried out in line with the development of the charity's activities and a new mission statement has been agreed:

- to improve the quality of education. We will develop models of best practice based on multimedia projects tackling social themes. At the heart of our work is an evidence-based approach designed to motivate and engage young people changing their attitudes, behaviour and levels of achievement.

Ariel Trust offers services to members of the public, with the emphasis on the members of the public who are young or disadvantaged to promote their knowledge and understanding of broadcasting in order to increase their chances of becoming economically active. The organisation does this by:

- i) Operating a programme of training courses
- ii) Providing information and advice to unemployed people and others
- iii) Making equipment, studio space and resources available to unemployed people and others
- iv) Liaising with broadcasters and others in order to increase opportunities for unemployed people
- v) Organising conferences, work placements and other initiatives
- vi) Delivering education projects to young people
- vii) Developing new ways to deliver education, training and media productions.

During 2022-2023 the Trustees will further review the objects and intend to update them to reflect the modern media landscape.

In delivering the activities the Charity is supported by a voluntary Board of Trustees. The Charity does not have any other volunteer programme.

ACHIEVEMENTS AND PERFORMANCE

Key Developments during 2021/22

During 2021/22 the operational environment returned to a much more normal situation, after the school closures due to the pandemic. As a result, Ariel maintained its staff team and continued to deliver significant outcomes for young people across Merseyside, achieving a significant financial surplus over the period.

Ariel Trust Limited

FOR THE YEAR ENDED 31/03/2022

TRUSTEES' REPORT

Face-to-face delivery in school was able to recommence and our delivery of our TNL project recommenced on an in-person basis. In addition, funding from Paul Hamlyn Foundation saw us begin a new project in August 2021; this involved intensive work in four schools in order to share our forum theatre approach with teachers and to develop a teacher training programme that will allow us to share this more widely. This new programme is lead by our Project Officer, Rachael Mutch for 3 days a week and as a result her delivery on the Lottery project has been scaled back to 2 days. The work we have done developing our sessional team has meant that they have been able to step up to ensure the lottery delivery was unaffected.

Ariel has continued to win contracts with local authorities and the Violence Reduction Partnership, which are focused on engaging schools in our violence prevention resources through online teacher training. During the year we were able to engage more than 400 teachers, exceeding the targets required by our contracts. Teacher training sessions focused on a number of resources, including our new Send me a Selfie programme, which was very well received by teachers with more than 100 attending sessions over just 2 months.

Send me a Selfie is a new resource that was commissioned by Liverpool Community Safety and Merseyside Violence Reduction Partnership in December 2021. It focuses on the issues of sharing inappropriate images and obtaining consent in relationships. The resource is currently a paper-based prototype that we are hoping to develop into a new website during 2022.

Key Issues in Next Period

We generated a significant surplus in 2021/22 and entered the new year in negotiation with statutory partners for contracts that will allow us to break even during the current year. During the last 12 months we have been reviewing and developing our existing online resources in order to integrate our new forum theatre practice. As a result we would like to update a number of our websites and have agreed plans that include investing some of this surplus into our resource, as this will improve our prospects of winning future teacher training contracts in relation to their roll out.

Our top priorities in terms of grant funding were focused on the medium term, even at the start of the year. A number of funders that we have identified are in the process of reviewing their funding priorities, so applications to these are paused until the new guidance is released. However, on the basis that forum theatre is now playing a central role in our work we considered an application to the Arts Council. They have previously supported our work, but not for several years. This application was submitted at the start of the year and is currently being assessed; the project would support the development of a team of artists who are able to use forum theatre to deliver Ariel's resources in primary schools.

Our contract-based work with local authorities is still growing rapidly. We have made a positive start by delivering our first demonstration project, designed to demonstrate our offer to new local authority partners, in Lancashire. This was delivered in partnership with Edge Hill University who we will be working with again in 2022/23 to run further demonstration projects that they will support both through identifying groups of trainer teachers to work with us and through the evaluation of the work.

Total Incoming resources were £258,212 (2021 £170,618). Total resources expended were £171,621 (2021 £153,831). The net incoming resources for the year were £86,591 (2021 £16,787). The unrestricted funds comprise designated funds set aside for business reorganisation of £38,288 and the general fund of £51,906.

POLITICAL CONTRIBUTIONS

During the year there were no political or charitable donations.

FIXED ASSETS

The movements on fixed assets are shown in the notes to the accounts.

RESERVES POLICY

The organisation is run on a not for profit basis but for prudent management and in accordance with the Statement of Recommended Practice Accounting and Reporting by Charities the Board aims to maintain a level of free reserves (that is those funds not tied up in fixed assets, designated or restricted funds) to establish a sustainable entity and guard against contingencies. The actual free reserves at 31 March 2022 were £51,895 (2021 £13,362).. A total of £38,288 is prudently set aside that could be used for the purpose of reorganisation as described in the notes to the accounts. The Trustees plan to use some of the free reserves to update resources and websites to improve prospects of winning future Teacher Training Projects.

PLANS FOR FUTURE PERIODS

Strategy for Long-term Sustainability

Our long-term strategy continues to focus on maintaining a diverse income profile. The establishing of Violence Reduction Partnerships has provided new opportunities to win public sector contracts for delivering our work. Our plan is to win these contracts through delivering demonstration projects in new areas and to use this work to engage local funding and delivery partners with a view to securing larger contracts in the medium term.

We continue to maintain our European partnership with the Evens Foundation and have delivered a successful project with a German partner, PlanPolitik, to translate and roll out

Skills to Resist Radicalisation across Germany. We are currently talking to our partners about how we can develop this work into a larger transnational programme with EU funding support.

We continue to have an active strategy of fundraising from Trusts and Foundations, particularly in relation to Business Development. With the imminent end of our lottery project we will also be prioritising secure funding to ensure our face-to-face work with young people continues.
