

Kadeem's cyber-bullying Newsletter

Kadeem thinks it's really important to share information about where you can get help about cyber-bullying. Now, he wants you to share what you have learnt about cyber-bullying and the support available.

You can share information in a lot of ways, but a **newsletter** is one excellent example.

The template on the next page - and the images below - will help you to create your own newsletter. Once you have finished, you can delete this instruction page.

Good luck, and don't forget to take your newsletter home and give it to your family and friends to read!
